**CRP**

# How has the field changed since then?

- Aceh people see the tsunami as a history of their life, and it doesn't affect them anymore.

- Some of the Community Facilitator still in touch with the PMI, especially when a crisis situation happen
- Cultural and Religious is the best way to be resilience
- Sustainability more at the level of organization

# Where are we now?

## 1 People Who Affected by Disaster

More than 300 volunteer are  
train in psychosocial support

Around 80 volunteer train as a  
trainer on psychosocial  
support

20 Staff & volunteer get  
Scholarship in master degree

Psychosocial Guideline

Psychosocial Training Module  
(for trainer)

PS Learning book

PS Assessment Guideline

## 2 Volunteers (Humanitarian Workers)

20 Volunteers trained to be  
Support group facilitator

Support group session guidelines

Booklet Stress Management for  
the volunteer

## 3 Delegate

## Next Steps (Internal)

- To maintain the human resource
- PS Integrate with the other types of services
- To develop psychosocial support in to the other specific crisis situation (People with disability, HIV, etc)

## Next Steps (External)

- Opportunity to learn from the other NS
- There should be psychosocial delegate in regional level
- Regional level must be able to meet the NS needs in developing PS

# Thank You, any Questions?
